Saudi Arabia

PROFESSIONAL SUMMARY

iOS and full-stack developer with 6+ shipped mobile and web products, from SwiftUI and Flutter apps to REST APIs and admin dashboards. Apple Developer Academy graduate with a Top 3 capstone (Sensic — accessibility & Core Haptics). Strong in product design, MVVM architecture, Firebase, and end-to-end delivery. Open to iOS, mobile, and full-stack roles.

6+ apps shipped

Top 3 · Apple Academy

SwiftUI · Flutter · REST

B.S. Computer Science

EXPERIENCE

CoreTechSolution

Jun 2026 — Present

Mobile & Full Stack Developer · Early-stage startup

- Build production mobile apps with Flutter and SwiftUI for startup product lines
- Design UI in Figma and deliver full-stack features — APIs, backend integration, and admin flows
- Ship iteratively in a fast-paced environment from prototype to release-ready builds

Apple Developer Academy

Sep 2025 — Jun 2026

Graduate · iOS Developer

- Shipped 5+ team iOS products across accessibility, social, and entertainment domains
- Sensic** — Top 3 final capstone: haptic music experience for deaf & hard-of-hearing users (Core Haptics, SwiftUI)
- Wessal** — PECS communication app with custom cards, voice recording & offline local storage
- ORBIT** — Social goals app with Firebase auth, real-time challenges & custom SwiftUI UI
- Moviasme** — Movie app with full REST API CRUD (reviews, profiles, authenticated sessions)
- Practiced MVVM, CloudKit, Firebase, accessibility standards, user research & product pitching

Asir Region Municipality

Jan 2024 — Mar 2024

Developer Intern

- Developed a citizen-facing chatbot for municipal inquiries and internal workflow automation
- Supported digital services team with technical implementation and testing

SELECTED PROJECTS

Sensic · Top 3 · SwiftUI · Core Haptics

Inclusive haptic music app — tactile pulses replace audio for deaf & hard-of-hearing users.

Learning Journey · SwiftUI · Live on GitHub

Habit tracker with streaks, freeze days & onboarding — built for daily learning goals.

EDUCATION

Apple Developer Academy

2025 — 2026

Graduate · iOS Development

King Khalid University

2020 — 2025

Bachelor of Science · Computer Science

TECHNICAL SKILLS

IOS

Swift, SwiftUI, UIKit, Xcode, Core Data, Core Haptics, CloudKit, Accessibility, MVVM

MOBILE

Flutter, Dart, cross-platform UI, offline storage

BACKEND

REST APIs, Firebase, ASP.NET, C#, SQL, authentication & CRUD

WEB

JavaScript, HTML/CSS, admin dashboards, API integration

TOOLS

Git, GitHub, Figma, VS Code, Postman, AI-assisted development

SOFT

UI/UX, product design, Agile, teamwork, research, pitching, problem solving

LANGUAGES

Arabic — Native

English — Professional working proficiency

Confidential Admin Platform · Flutter · Full Stack · NDA

Investor-backed admin dashboard: Figma UI, live map tracking, REST API & backend services.

Stock Market AI Prediction · ASP.NET · C# · JavaScript

Beginner-friendly web app for market analysis and AI-driven profit/loss outlook.
